Medicare continues to offer great value and benefits.

Those who choose original Medicare have access to a variety of preventive services and screenings. Most are at no cost from qualified health care professionals. Diabetes and cancer screening and an annual “wellness” visit are expected standards of care.

Beneficiaries may also explore options beyond original Medicare, and virtually all people will Medicare have access to Medicare Advantage plans. Many plans offer extra benefits beyond the comprehensive package offered by original Medicare. Medicare Advantage plans may offer vision, hearing or dental coverage or offer coverage during travel. Many include prescription drug coverage.

There are several ways to learn about Medicare coverage options. You can:

- Review the CMS website at **MediCare.gov**
- Call 1-800-MEDICARE or TTY 1-877-486-2048, 24 hours a day/7 days a week
