

Monarch HealthCare® urgent care – Spring 2019

English

25TH ANNIVERSARY
 **MONARCH**
HEALTHCARE
PART OF OPTUMCARE[®]

With Monarch HealthCare you have more choices and access to care.

After hours, walk-in urgent care is available to you at 70 locations throughout Orange County and Long Beach.

Emergency room visits may require longer wait times because order of treatment is based on severity of illness, not arrival time. Urgent care centers are usually faster when it comes to treating non-life-threatening, urgent medical conditions when your doctor's office is closed.

Should you have a problem that is not life threatening, you can visit any of the locations listed in this brochure.

In life-threatening situations, call **911** or go to the nearest emergency room.

Urgent care or emergency room?

Medical problems don't always happen during office hours. Urgent care is for illnesses that cannot wait until the next business day, but do not require the full resources of a hospital ER.

Examples include:

- Cough or cold
- Stomach pain
- High fever
- Sore throat or ear aches
- Minor cuts, skin infections and rashes
- Minor fractures, broken bones

Call **911** or go to an ER if you experience:

- Difficulty breathing
- Heavy bleeding
- Chest pain
- Sudden weakness, difficulty talking
- Severe head injuries
- Major burns
- Spinal injuries

If you're still not sure, call your health plan.

For more advice on whether to go to an urgent care or wait until your doctor's office re-opens, call your health plan's 24-hour nurse advice line.

Health plan	Toll-free number	Members with hearing or speech impairments
