

Optum Care Network–Monarch urgent care Summer 2021

English

Get the care you need, when you need it.

After hours, walk-in urgent care is available to you at more than 75 locations throughout Orange County and Long Beach.

Emergency room visits may require longer wait times. Urgent care centers are usually faster when it comes to treating non-life-threatening, urgent medical conditions.

Should you have a problem that's not life threatening, you can visit any of the locations listed in this brochure. If it's a true emergency, call **911** or go to the nearest ER right away.

Urgent care or emergency room?

Urgent care clinic

- Call urgent care if you can't reach your doctor or your doctor's office is closed. No appointment needed, just walk in.
- Go to urgent care for minor cuts, burns, broken bones, muscle sprains or strains. Urgent care staff can also treat coughs, fever. Flu, skin rashes, sore throats and urinary tract infections.

Note: This is not a complete list of medical problems.

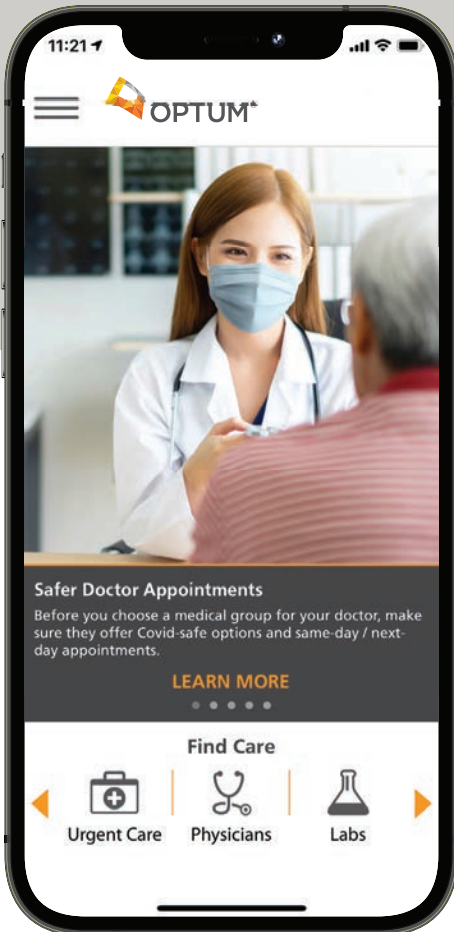

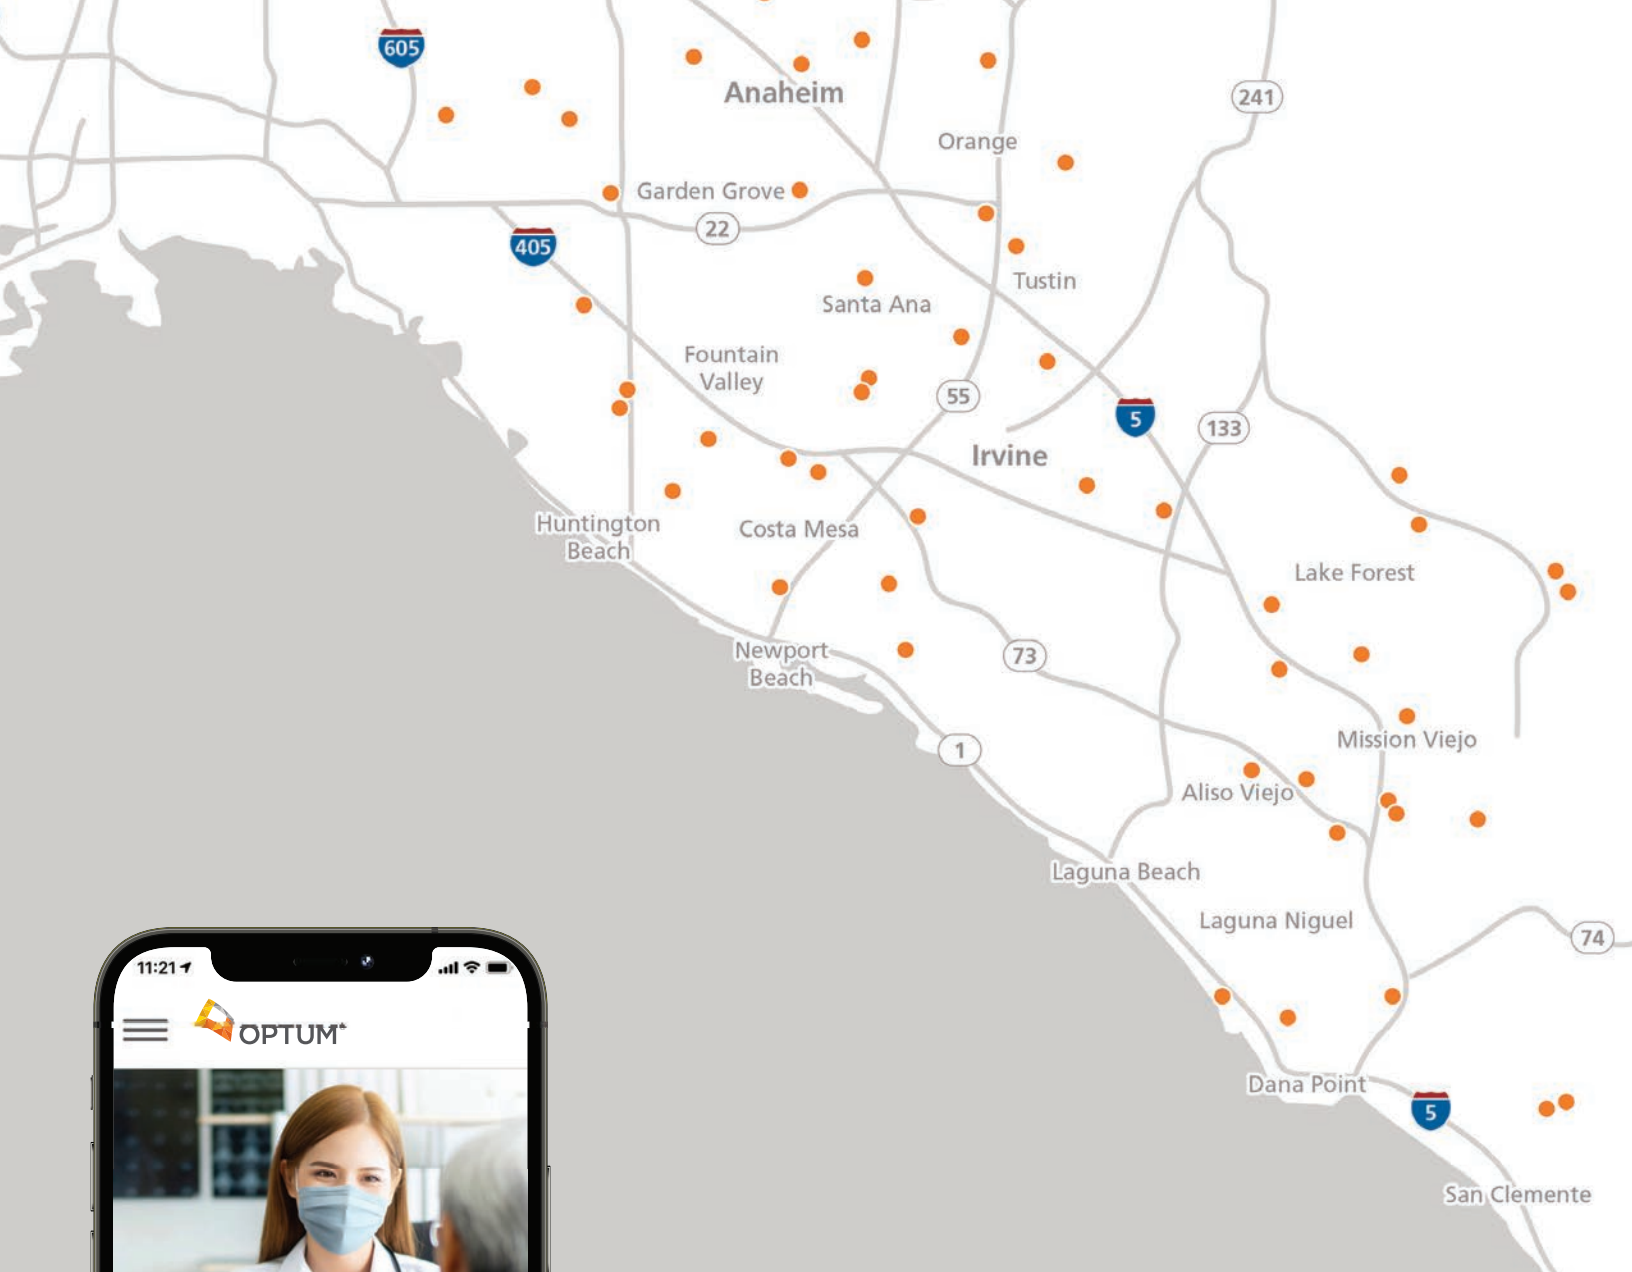

Emergency room (ER)

- Go to the ER for life-threatening health problems.
- Seek ER care for chest pain, trouble breathing or bleeding that won't stop. ER staff can also treat poisoning, major injuries or sudden numbness of the arms or face.

Note: This is not a complete list of medical problems.

If you're still not sure, call your health plan.
